

CHAPTER 540

GAS METERS

Ordinances AN ORDINANCE TO MAKE PROVISION FOR REGULATING MEASURES USED IN SALES OF
Nos. 3 of 1871, GAS.
39 of 1935,
29 of 1947.

[11th January, 1871.]

Short title. 1. This Ordinance may be cited as the Gas Meter Ordinance. them, and to compare any other meter therewith.

Interpretation. 2. In construing this Ordinance the following terms shall have the meanings hereby assigned to them, unless there be something in the subject or context repugnant to or inconsistent with such construction:— 5. In all contracts, bargains, sales, and dealings which shall be made or had in respect of the supply of gas, no meter shall be used within any town which shall not have been stamped by the Municipal Council thereof, in token of the same having been tested and verified by them in accordance with the standard hereby established: Meters to be stamped.

" company " shall include a person;

" meter " shall mean gas meter, and shall include every kind of machine used for measuring gas.

Standard measure. 3. From and after the date on which this Ordinance shall come into operation the only legal standard or unit of measure for the sale of gas by meter shall be the cubic foot containing 62.2786 pounds, avoirdupois weight, of distilled or rain water, weighed in air at the temperature of sixty-two degrees of Fahrenheit's thermometer, the barometer being at thirty inches. Provided that a meter, duly stamped as aforesaid, shall not be liable to be reslamped, although the same be used in any other town than that at which the same was originally stamped, but shall be considered as a legal meter unless found to be incorrect within the meaning of this Ordinance.

Models to be kept by Municipal Councils for inspection. 4. And for the purpose of enabling every person to ascertain with certainty whether any meter in use, or intended for use, conforms to the standard hereby established, the Mayor of the Municipal Council of any Municipal town which is supplied with gas shall preserve with care at his office models of gas-holders measuring the said cubic foot and such multiples and decimal parts thereof as the Minister may, from time to time, declare to be expedient, together with proper balances, indices, and apparatus for testing the measurement and registration of meters ; and every person shall be at liberty, on giving reasonable notice, to inspect the said models, or any of 6. No meter shall be stamped by any Municipal Council testing the same, which shall be found to register, or be capable of being made, by any contrivance for that purpose, or by increase or by decrease of the water in such meter, or by any other means practically prevented in good meters, to register quantities varying from the true standard measure of gas more than two per centum in favour of the seller, or three per centum in favour of the consumer; and every meter which shall be found by such Municipal Council to register, or be so capable of being made to register, quantities varying beyond the limits aforesaid, shall be deemed incorrect within the meaning of this Ordinance; and every meter which shall be found to measure and register quantities accurately, or not varying beyond the limits aforesaid, and shall be found incapable by any such means as aforesaid of being made to register quantities varying beyond the Meters to be tested before being stamped.

limits aforesaid, shall be considered to be correct, and be stamped in such manner and on such part of the meter as such Municipal Council may deem best to prevent fraud.

7. The following rules shall be observed by any Municipal Council who are hereby required to undertake the testing of meters;—

Firstly, the meter shall be tested for soundness or leakage only, and not for percentage of error, when fixed on a horizontal base, and with gas under a pressure equal to a column of water three inches high, with a light or lights consuming not more than one-twentieth part of its measuring capacity per hour marked thereon, nor less than one-half of a cubic foot per hour, for all meters of a measuring capacity not exceeding one hundred cubic feet per hour, and not more than one-fortieth part of its said measuring capacity per hour for all meters of any greater measuring capacity per hour than one hundred cubic feet; and all meters found to work under such test shall be deemed sound meters and any meter found not to work under such test shall not be stamped.

The meter to be tested for percentage of error shall be fixed on a horizontal base, and shall be tested at a pressure equal to a column of water five-tenths of an inch high, and passing the quantity of gas or atmospheric air per hour which shall be marked thereon as its measuring capacity per hour; and the water used in such testing, and the air of the room in which such testing shall be made, shall be, as nearly as practicable, of the same temperature as the gas or air passed through the meter.

8. It shall be lawful for the Municipal Council of any Municipal town which is supplied with gas to appoint such person or persons as they may deem qualified thereto

for the purpose of examining, testing, and stamping meters; and in case any such person or persons shall stamp any meter without duly testing and finding the same to be correct, or shall refuse, or for three days after being so required neglect without lawful excuse, to test any meter, or to stamp any meter found to be correct on being so tested, shall be guilty of an offence, and shall be liable to a penalty not exceeding fifty rupees.

9. It shall be lawful for the Municipal Council of any Municipal town that is supplied with gas, or any person or persons appointed by them for that purpose, at all reasonable times and with all necessary workmen and appliances and other means, to enter any house or shop, store, warehouse, still, yard, or place whatsoever within their jurisdiction, wherein such Municipal Council may have reason to believe that there is any incorrect meter fixed or used, and to examine and test the same, and if necessary for such purpose to remove such meter, doing as little damage thereby as may be; and if upon such examination and testing it shall appear that any such meter is incorrect within the meaning of this Ordinance, or fraudulent, the same shall not be refixed or used again unless and until altered and repaired so as to measure and register correctly; and the fees on such removal, examination, and testing of a meter, whether corrected and replaced or not, shall be double the fees hereinafter made payable for testing and stamping, and shall be payable by the buyer or seller of gas, as the Municipal Council shall determine:

Provided that any person duly authorized by any company or person selling gas by meter may supply water to any meter, so as to keep the water at the correct level.

10. Every consumer of gas may hire or purchase and use for the measurement of the gas supplied to him any meter duly stamped under the authority of this Ordinance, provided that the gas to be consumed per hour shall not exceed the quantity per hour the meter is intended to measure, so marked on the outside thereof as aforesaid.

Rules for testing.

Municipal Councils to appoint inspectors of meters.

Municipal Councils may enter houses, &c.. for inspecting meters.

Consumers may use any stamped meters.

Gas meter may be tested at request of consumer or supplier.

11. (1) Where a gas meter is in use in any premises, the consumer, if the meter is the property of the supply company, or the supply company, if the meter is the property of the consumer or of the owner of the premises, shall be entitled, on application made to the Mayor of the Municipal Council and on prepayment of a fee of seven rupees and fifty cents, to have the meter tested with a view to ascertaining whether it should be deemed to be incorrect within the meaning of this Ordinance or whether it may be considered to be correct for the purpose of section 6.

(2) Where on application made under this section a gas meter is, after test, deemed to be incorrect within the meaning of this Ordinance, the fee paid shall be refunded to the person who made application for the test.

Fees for testing and stamping meters.

12. The fees for examination, comparison, and testing, with or without stamping meters, shall be seventy cents for each meter if the measuring capacity of the meter does not exceed fifty cubic feet of gas an hour. If the measuring capacity of a meter exceeds fifty cubic feet of gas an hour, the fees shall be seventy cents for the first fifty cubic feet an hour of measuring capacity and, in addition, for every one hundred or part of every one hundred cubic feet an hour of measuring capacity in excess of the first fifty cubic feet, thirty-five cents if the meter is a dry meter and fifty cents if the meter is a wet meter.

Cost of models and other expenses to be paid out of the lighting rates.

13. The expense of providing models of gas-holders, with proper balances, indices, and apparatus as aforesaid, and stamps for stamping meters, and the remuneration to such person or persons as may be appointed by the Municipal Council of any Municipal town to test and stamp meters, shall be paid out of the rates leviable under the Municipal Councils Ordinance.
